Full Members

Organizations that do mail sender certification

Goodmail Systems
2465 Latham Street, 2nd Floor
Mountain View, CA 94040
+1 877-650-6505
www.goodmailsystems.com
Founding Member of DAC

Goodmail created the CertifiedEmail service, the widely-trusted standard in email certification, to provide a safe and reliable class of email for the benefit of consumers, legitimate senders and mailbox providers. The Goodmail CertifiedEmail service offers a new class of email that will help shield consumers from fraud and phishing. Goodmail's executives are respected and trusted by key thought leaders in the industry and have become a major voice in the dialog on solving the vexing problems that affect the email ecosystem.

Habeas
779 E. Evelyn Avenue
Mountain View, CA 94041 USA
+1 650-694-3300
www.habeas.com
Founding Member of DAC

Habeas is an email trust authority that re-establishes email as a reliable business communications medium. Habeas enables commercial email senders to certify their communications as legitimate, and helps ISPs and message security vendors make better, more efficient decisions about how to sort inbound mail. By aggregating, analyzing, and categorizing the reputation of millions of email senders around the globe, Habeas is making sure legitimate email gets delivered while spam does not. Habeas Solutions for Senders include best practices certification, Internet whitelisting, and email monitoring services that improve delivery to over a quarter of a million email servers at major Fortune 1000 companies and leading ISPs.

**Return Path**

304 Park Avenue South, 7th floor
New York, NY 10010 USA
+1 212-905-5500
www.returnpath.com
Founding Member of DAC

Return Path, an email performance management company, has focused on making email work better for businesses, receivers and consumers since 1999. Return Path's Sender Score platform increases email deliverability for businesses by identifying and correcting reputation-based email problems. Return Path analyzes data for millions of IP addresses and assigns Sender Scores used by marketers to improve delivery and receivers to improve filtering decisions. For companies with high email reputations, the Sender Score Certified accreditation program boosts delivery to more than 123,000 domains. Return Path's delivery experts continually strive to make sure legitimate email gets delivered by innovating new anti-spam solutions.

**Trend Micro**

10101 North De Anza Boulevard
Cupertino, CA 95014
+1 408-257-1500
www.trendmicro.com
Founding Member of DAC

Trend Micro Incorporated is a pioneer in secure content and threat management. Founded in 1988, Trend Micro provides individuals and organizations of all sizes with award-winning security software, hardware and services that help protect them from threats such as viruses, spam, and spyware. To combat spam, Trend Micro offers multiple layers of inbound and outbound email protection at various points in the network in addition to providing hosted email services and IP reputation services. With headquarters in Tokyo and operations in more than 30 countries, Trend Micro solutions are sold through corporate and value-added resellers and service providers worldwide.
